Lend a Hand

CHURCH AND CORPORATE REQUESTS

Script for Church Request Letters/Emails

Hello! My school, Indianapolis Christian School System, has launched a new giving campaign. We are looking for community members who would be willing to lend a hand to sponsor a student for \$529. My family has been attending <insert church> for <insert years>. Would you be willing to support me and my siblings In this request? If so, you can learn more and sponsor us here:

www.indyics.org/lendahand

PS: If you are also willing to sponsor a student who may be unable to get support, may I connect you with our Director of Development, Brittany White? Our school's goal is 100% participation and we want all students to get at least one sponsor!

Corporate Request

Use the same script from above, but replace the line about church attendance with a line about how you are connected to the company in which you are requesting support.
