SCRIPTS FOR SUPPORT REQUESTS

Sample Script 2:

Hi <insert name of supporter>! My school, Indianapolis Christian School System, is asking us to find community members who can Lend a Hand in raising funds representing each student in the amount of \$529.

As you know, there are 3 of us attending ICSS. This means our family goal is to raise \$1597 to support the school! If we raise more, even better as it would help our classmates as well!

We would love for you to be part of our community. Would you be willing to help us meet our family's contribution goal to support our school?

Signed,
3 siblings

*This script is great for the oldest student in your family to handwrite and have younger siblings sign so everyone is involved!
