Each submitted application progresses through the application process as it is received. This process can vary for each student and may not go at the same pace. Admissions team will keep each family informed of the progress.

Completed applications are placed in a queue for the specified grade. As space is available within the grade, applicants will be offered enrollment based on selection criteria. Online enrollment must be completed to secure a place.

Application Fee \$35/30/25

Additional applications submitted by the same parent are reduced for the 2nd application and again for the 3rd and any additional applications. Application fees are non-refundable.

Enrollment Fee \$0

IWCS will no longer charge enrollment fees for newly enrolling and re-enrolling families. The cost of enrollment processing is now included in your tuition.

Re-Enrollment

Re-enrollment for current families will be announced each year and typically opens at the same time as applications. Current families are given priority in securing a place for the upcoming school year, based on selection criteria. Re-enrollments may be placed in a queue for the selected grades if the number of re-enrollments exceeds the available seats in the grade.
